Jurisdiction in this court is based on: -----

The acts complained of in this suit concern: My Parents
were at Camp Lejeune from approx 1958-1962 drinking
and bathing in the contaminated water at Camp Lejeune.
I was born at Camp Lejeune in 1960 with a dimple at the
base of my spine and was never checked out any further
at that time.

At age 7 I began to lose motor function of both my
feet and was placed in 2 straight leg casts for approx
6 weeks, during that time I began losing full and total
loss of Bladder and Bowel control. Was finally taken to
Jackson Memorial Hospital in Miami, and was diagnosed with
Spina Bifida/Spinal Cord Tumor etc.

Due to the damage of nerves that continued to expand as I
grew older and bigger. Many surgeries have been needed to continue
trying to improve my life. I have had many surgeries and
will continue to have surgeries when needed. A list of some

of my surgeries would include 2 back surgeries, Multiple surgeries on Both feet, Left Kidney removed, Multiple surgeries on bladder, Left knee replaced, Left hip replaced and Right foot amputated. There have been more due to infections and complications. At this time my Right knee and Hip are showing signs of future failure.

(If you need more space, or wish to include any further information for consideration, please attach additional sheets.)

I seek the following relief:

Due to the Personal, Mental and Physical Pain of having to live with all of the problems due to the negligence of improper Installation, upkeep and Storage of Contaminated Waste, Laziness of dumping and finally leaking into the Water supply. Especially when everyone is trusting the government to keep clean water available.

In the earlier years of growing up without Bladder and Bowel control and walking with a limp. Unfortunately these problems will cause you to withdraw from people. You will never gain the confidence in yourself to develop a normal relationship that is needed when growing up. and to have a normal life. The job discrimination at the time was also surprising; it didn't matter how much schooling you had. I am seeking \$15,000,000.00 million dollars due to the suffering of Contaminated Water at Camp Lejeune.
